

# Employer information sheet:

This document is designed to help EMPOWER partners get ready to talk with employers.

## Some key questions:

Basic information about the company

What is their local presence?

Do they have a Sustainability Director?

Do they have a Sustainability Report?

Any mention about employee commuting?

Do they have any EVs in their fleet?

How are those charged?

Do they know how many of their employees drive EVs?

Does the company own their facilities? If not, which entities need to be involved?

Equity considerations
