- Battery electric vehicle (BEV).
- Plug-in hybrid (PHEV)
- I don't know yet.
- I already have an EV.

5. What is your daily commuting distance one-way?

- Less than 10 miles
- 10-25 miles
- 26-50 miles
- More than 50 miles

6. How many days a week do you usually drive to work at this location?

- 5
- 4
- 3
- 2
- 1

7. Could you charge your vehicle at your place of residence?

- Yes
- No
- I don't know

8. How much would you be willing to pay for workplace charging and a dedicated parking spot?

- \$50/month
- \$40/month
- \$30/month
- \$20/month
- \$10/month
- I would only use workplace charging if it was free.
- I don't need workplace charging

9. Please choose the Workplace Charging (WPC) benefits that appeal/apply to you:

- I need WPC because I can't charge at my place of residence
- Extending my daily driving range
- Preheating/cooling my vehicle
- Dedicated parking spot
- Mitigating the effects of reduced driving range during cold months
- Environmental benefits of driving electric
- WPC would make it easier for me to purchase/lease an EV
- WPC would enable me to use an EV for commuting

10. On a scale of 1 to 10, 1 being not important at all and 10 being very important, how important is it to have charging at your workplace? _____.

Can you explain why:

Do you have any general comments or thoughts about workplace charging:
